Re-enchanting Leadership

Three Cornerstones of Leadership:

- **Presence**
- **Sensemaking**
- **Service**

The world is calling for authentic, bold and compassionate leadership. Re-Enchanting Leadership is a three-day, four-night immersive journey designed exclusively for senior women leaders ready to strengthen their self-awareness, enhance their impact, and rekindle the magic of leadership.

What to Expect.

Each day features thought-provoking sessions, interactive approaches, and facilitated reflections to inspire and unlock transformative growth.

DAY 1 - BEING THE ART OF PRESENCE

Leadership begins with how we show up. On the first day, we'll explore the art of cultivating an influential presence—one that commands respect, inspires others, and allows us to fully embrace confidence in our unique abilities. Guided by insights from an opera singer, we'll learn to convey our message with confidence and energise the space while empowering those around us.

DAY 2 - EXPAND THE WAY TO SENSEMAKING

By expanding our awareness, by connecting further, by encompassing more, we allow ourselves to create a shared understanding of our context, on which powerful actions can root. Making sense of our environment calls for curiosity, courage, and love

and can only start from a point of true grounding. A natural scientist will join us to explore the expansion which enables a bigger potential in our leadership space.

DAY 3 - BALANCE THE KEY TO SERVICE

Being of service is our way to make the world a better place. Sustainable service is to be found in the balance between nurturing oneself and serving others. With inputs from a yoga expert, we'll explore the art of balance, delve into the principles of equilibrium, and find poise and grace in our journey.

The day ends with a reflective time to integrate your experience and a sharing of the journey into re-enchanting your lives.

This isn't just a programme. It's a movement. A journey to reclaim the fire within, harness our influence for good, and create ripples of change that heal, inspire, and reawaken hope.

Why Join?

The world needs leaders who dare to dream bigger, love deeper, and stand for a brighter future. This is your moment. Let's re-enchant leadership together.

- Reconnect with Yourself
- Reimagine Your Leadership
- Reignite the Difference You Make in the World
